

# THE FUTURE OF RIPON IS IN YOUR HANDS! SIGN HERE.

Harrogate Borough Council wants to sell our beautiful Spa Baths off to property developers - and use the proceeds to build an inadequate new pool on our public playing fields at Camp Close.

We, the undersigned, request that Harrogate Borough Council carries out a **FULL** public consultation with the aim of:

1. Developing a scheme for a pool-based sports facility that - unlike the current proposals - would match the demands and needs of local people and visitors.
2. Preserving public playing fields at Camp Close, by finding a more appropriate site with suitable car parking facilities.
3. Securing the future of the historical Ripon Spa Baths building as a community asset, with continued public access.
